

RECOMMENDATIONS

To collectively create a safer and more enabling environment for WHRDs to conduct their important human rights work, FORUM-ASIA makes the following recommendations:

PROTECT WHRDs

Cease all forms of harassment against WHRDs, hold all perpetrators accountable for violations, and develop offline and online mechanisms to protect WHRDs

SUPPORT WHRDs

Give proper recognition to WHRDs, amplify their voices and educate others on the important work WHRDs do

FIGHT ALONGSIDE WHRDs

Challenge patriarchal ideas of gender, gender roles, and sexuality that perpetuates gender injustice
